Lock-A-Bye proudly supports Soroptimist International in helping women live their dreams.

November 18, 2010/Bensalem, PA

Lock-A-Bye has created a slash resistant tote bag that not only has a locking zipper but a cable lined strap sewn into the handle that affixes into our patented locking mechanism, securing both the contents and the bag. And of course, the bag is water and stain resistant. This patented product is so versatile you can secure it to whatever you want or wherever you go! ***The security is "in the bag"***.

Soroptimist is an international service organization of over 90,000 business and professional women in more than 24 countries and territories, who volunteer their time and resources to improve the lives of women and girls in local communities and throughout the world. Soroptimist are women at their best, working to help other women be their best.

A portion of all sales through Soroptimist International Indian Rock Promo Code, SR1276 is being donated to this organization to further the efforts of the local chapter in the community.
